Governor and Kentucky's Sen Barkley Utter Strong Denunciations of G O P

By The Associated Press

COLUMBUS O Sept 12—Ohio's Democrats were off to the wars today with their leader Gov Martin L Davey setting the course of battle on his administration's record

Winding up their state platform convention in one day the Democrats last night heard Davey praise his administration and strongly criticize his Republican opponent Atty Gen John W Bricker and also heard national keynoter Alben W Barkley senator from Kentucky criticize the new deal's critics

While Bricker was declaring in Canton that one of the last attempts on the part of the present administration to use the taxpayers money for political purposes ...ar... in the maladministration of the department for aid for the aged Davey asserted

Points to Facts

In spite of all the poison gas that is being used in unprecedented quantities by my opponent and his co conspirators there are some facts about this state administration which stand out so strong that they can be obliterated by all the mud slinging character assassination and dirty politics that these desperate opponents have created for selfish and evil purposes

Landon Emphasizes Need Of Providing Work For 11,000,000 Now Jobless

G O P Candidate Tells Connecticut Audience Relief Rolls Hold No Future Before Speeding On to Portland, Me, for Address Tonight

By The Associated Press

ABOARD LANDON TRAIN EN ROUTE TO MAINE Sept 12 — Opening his New England presidential campaign Col Alf M Landon told a Stamford Conn audience today that the most urgent problem before the country was finding real jobs at the best of good wages for the unemployed

The country is facing many problems of importance today the Republican nominee said One of the most vital of these problems is that of restoring to 11 000 000 unemployed fellow citizens their birth right of becoming self supporting self reliant and independent citizens once more

No Future on Relief

I have said in Kansas that there is no future for any American on the relief roll

The Republican nominee spoke from the rear platform of his special train to a crowd estimated by Chief of Police John B Brennan at 3 500

Until we can restore confidence and speed up recovery we must continue to provide relief for those needing relief Landon said

A major goal of the Kansans New England drive today was a speech tonight in Portland Me closing the Republican state campaign two days before Monday's election

Landon was cheered at each appearance on his car platform

At Bridgeport the candidate again discussed unemployment

No nation can prosper while one fifth of those who earn their own living are denied real work and left dependent upon the work of others for their support he said

Wants Relief Purge

We owe it to ourselves and to the honor of America that we love to purge relief of all partisanship incompetence and waste The American people if I know them do not wish to save a dollar at the expense of the needy unemployed but they demand that every dollar appropriated for relief shall be spent upon the needy and not one cent upon their political exploiters

It is beneath the dignity of a great nation to dole our bread for votes

The Kansas governor traveling eastward by special train faced a challenge from Gov Louis J Brann Democratic U S senate nominee to instruct the Republican national treasurer to return J Pierpont Morgan's $4 000 campaign contribution

The situation stands at this Brann told a cheering rally audience here last night They are going out with the money of a racketeer in the definition of Gov Landon to try to defeat the governor of Maine

Cites Previous Stand

Brann discussing wealthy Americans donations to the G O P coffers as reported by a senate committee this week said that in 1930 Landon is on record as having said Insull and Morgan were racketeers

Brann secluded himself in the executive mansion at Augusta today putting the finishing touches to an address to follow the Republican standard bearer ra tonight address at 8 p m (Marion time)

Republican leaders journeyed to Dover N H to board the Landon special In the party were Brann's opponent U S Sen Wallace H White Jr Louis O Barrow gubernatorial nominee Daniel F Fiedler Miss Marion E Martin Maine Republican national committee members and Arthur F Sewall state committee chairman

City Decked Out

Portland to which Republican chieftains said their standard bearer would attract 30 000 persons took on a festive air

Merchants took advantage of the occasion to proclaim the day Landon

JUNE COLLECTION OF TAXES CLOSED

BRICKER FLAYS PENSION POLICY

Declares Davey Ordered Checks Held Up While Those in Need Suffered'

HITS AT $10 INCREASE

Claims Governor Called for Boost With Election Near as Purely Political Move

By The Associated Press

CANTON O Sept 12—Stark county's Republican campaign was officially under way today with Atty Gen John W Bricker's assertion that Gov Martin L Davey ordered welfare checks held up while those in need have been allowed to suffer

Bricker at a rally here last night claimed there had been maladministration of the department for aid for the aged and that employes of the department were used to aid in the re election campaign of the governor at the taxpayers expense

The Republican gubernatorial candidate was in Youngstown today to continue his campaign addresses

The federal government about a year ago authorized contributions to state systems meeting federal requirements and the law became effective in December of last year Bricker declared

The governor took no heed whatever until he saw a campaign coming on and in a purely political gesture he ordered his board to increase pensions $10 a month with out regard to the needs or deserts of the applicants He thought by this method he could influence votes

Welfare checks have been held up for weeks by order of the governor himself while those in need have been allowed to suffer At the same time hordes of employes have been sitting up nights addressing letters to recipients of checks giving credit for the increase to the governor

Bricker continued his attack on his Democratic opponent with a statement that if the recipients of those checks deserve them now they deserved them when the law was passed

F P Taggart of Massillon GOP national committeeman from Ohio told the audience that Ohio has the strongest Republican ticket of any state Thomas J Herbert of Cleveland attorney general candidate spoke briefly Other state candidates were on the platform.

Hamilton Claims Juggled Figures Give False View

Accuses Democrats of Giving False Impression of Government Finances

By The Associated Press

LAKE WAWASEE Ind Sept 12 —John Hamilton chairman of the Republican national committee charged in an address prepared for delivery here today that the highest officials of the Democratic administration had deliberately juggled figures in order to give a false impression of the true state of government finances

To his criticism of the administration's fiscal policies Hamilton speaking at a meeting sponsored by the Indiana Republican Editorial association challenged the non political nature of President Roosevelt's recent tours and said the latter may decide it is time to go political" after the Maine primary election returns are in.

Hamilton termed "unusual President Roosevelt's "pretense of handling a political campaign in a non-political manner" and said it was "something more than unusual' when the President handles non political matters "in a highly political way"

"I charge Franklin D Roosevelt and his secretary of treasury, Henry Morgenthau" said Hamilton, "with deliberately misleading the American people as to the state of government finances and with doing this solely for their own political advantage."

The speaker contended that ... less relief expenditures ... ally reduced, the ... ment will spend ... next year ... 000,000 ... the ...

FOUR SUSPECTS NABBED IN PLOT

Prosecutor Says They Admit Conspiracy To Wreck Train Near Coshocton

By The Associated Press

COSHOCTON O Sept 12 — Prosecutor Russell I Lyons at tributed to three men and a woman today a confession that they attempted to wreck Pennsylvania passenger trains near here in order to rob the passengers

The attempts to wreck trains on the night of Aug 27 at Rock run and the Tyndal bridge Lyons said were thwarted when John Bunk a Rockland farmer discovered a loose angle bar in the tracks and track walkers called out following his discovery found a second loose bar

Those held were Albert Buckmaster 21 his sister Miss Edith Buckmaster West 30 Wayne Hartley 24 and his brother Norman Hartley 30 Lyons said they confessed after several hours of questioning

The woman mother of a four months old baby was under guard in her home pending arraignment later today with the three men Lyons said

Except for the discovery of the plot the action of those four might have cost many lives and thousands of dollars damage Lyons asserted

The prosecutor said the four were seized last midnight after a squad of Pennsylvania police under Lieut C C Corbett and Sergt J L Hixler traced them through the sale of bolts removed from the angle bars to a Coshocton junk dealer

Albert Buckmaster he said was the first to confess and the others signed a statement later in which they admitted plotting to wreck and loot the passenger trains

Wayne Hartley suggested to my assistant and myself that we loosen some bolts in the tracks to wreck a passenger train and then rob the passengers Lyons quoted Buckmaster We went to Rock run and removed the bolts from an angle bar We waited un...

CONTRACT IS SIGNED BY DEFIANCE CO. TO OPEN FACTORY HERE

Chamber of Commerce Agrees To Provide Suitable Building for Which $65,000 Will Be Needed.

MARION has an opportunity to obtain a new industrial concern having a normal employment of around 100 men it was announced today by the Marion Chamber of Commerce through its secretary W D Brown, and its industrial committee

The concern is the Defiance Pressed Steel Co which has been seeking a new location since its plant was destroyed by fire three months ago

The company has agreed to move its plant to Marion if the city will furnish it a satisfactory building in which to operate Mr Brown said

A preliminary contract was signed yesterday by representatives of the Chamber and officials of the company in which the Power Manufacturing Co building now owned by the Osgood Co was approved to house the new industry

$65,000 in Subscriptions Required

To purchase the building and put it in condition for operations of the Defiance concern will require $65,000, Mr Brown said He added arrangements to raise this amount by public subscriptions will be made at a luncheon meeting of Chamber members Monday noon at Hotel Harding

Mr Brown stressed the need for prompt action in raising the necessary funds explaining the company has agreed to come to Marion only on the condition that the Chamber obtain and condition the factory building within 30 days The company is anxious to get into a new location and into full swing of operations within 60 days, he said

The Defiance Pressed Steel Co products consist principally of automobile steering wheels, automobile heaters, automobile horns and metal cases for bottles

Since its fire three months ago it has been carrying on operations in scattered rooms throughout Defiance making use of virtually all available space to set up its machinery Mr Brown said

The fire because of inadequate protection furnished by the city destroyed the entire plant which covered approximately five and one half acres of ground and the lack of proper fire protection was one of the factors that influenced officials not to rebuild in Defiance Mr Brown said

Making Steering Wheels

The concern now is producing 2 500 automobile steering wheels a day in its scattered work rooms in Defiance and plans to go into production on them as soon as possible all of the products it previously made at Defiance and in addition a number of new products Immediate production in Marion of the complete line previously handled could not be arranged because the company was obligated to sub let contracts for definite periods when fire destroyed its plant Mr Brown explained

Operations of the plant consist principally of punch press and assembly work Most of the employes are men although a few women are used in the lighter phases of assembly work

If arrangements are made to bring the plant here the company will move 60 families to Marion and build up the remainder of its employment locally

Its normal employment of 400 persons involves an annual payroll of around $500 000, Mr Brown said

Established Many Years

The Defiance Pressed Steel Co has been operating in Defiance since Civil war days Its first principal product was a metal case for bottled beer This continued to be the chief item of production until prohibition days drove the company to seek new lines of work Since repeal it has resumed manufacture of cases for bottled beer, and also makes metal cases used in the handling of milk bottles

The company is a closed corporation that has a sound financial position which has been investigated and approved by the industrial committee of the Chamber, Mr Brown said It operates without interruption throughout the depression years, he said.

The company negotiated with half a dozen cities including Marion in the last two months before selecting this city for its factory site, Mr Brown said.

Officers of the concern are E L Harbenbalmer, president; H. F Hadley, vice president; O P Berelt, secretary and treasurer.

ROOSEVELT PRESENTS MEDAL TO OHIO GIRL

Legion of Valor Award Given for Rescuing Two from Train's Path.

By The Associated Press

WASHINGTON Sept 12— Twelve year old Kathryn Van Horn of White Cottage O received today from President Roosevelt the first gold medal awarded by the Army and Navy Legion of Valor for her act in saving the lives of two boy playmates

The presentation took place in the President's private office in the presence of a group of war heroes who hold the congressional medal and distinguished service crosses

Little Kathryn in a turquoise blue dress and a pink ribbon in her blond hair smiled broadly as photographers took pictures

The President said those were three reasons for his being pleased to bestow the medal on the little girl First he said it was a fine thing and something to be proud of here as she was the first person to win it

The second reason he said was that we have to think and act very fast in many emergencies and it is a mighty good thing to start early in life to do that

There is still another reason" he added You come from old Dutch stock the same as I do"

Mr Roosevelt said he hoped Kathryn would keep the medal before her all her life as an inspiration to other boys and girls.

"Thank you, Mr President," Kathryn said, smiling

The President then gave her a Mickey Mouse toy which had been on his desk for months

METHODISTS OF OHIO APPROVE OF MERGER

Conference Ratifies Action To Join Three Units Proposed at Columbus Parley.

By The Associated Press

TOLEDO, O., Sept. 12—By an overwhelming vote, the Ohio conference ratified today the proposed merger of the three great Methodist groups

The layment's organization, meeting separately, voted unanimously The ministers approved by a vote of 402 to 3. The merger was approved at the general conference in Columbus last May subject to ratification by the various conferences. The plan is for the union of the Methodist church, Methodist Church South, and Methodist Protestant church.

Greater voice in church affairs was demanded in the resolution adopted by the lay conference More joint sessions with the ministers was asked. Equal representation on all important standing committees is sought by the laymen.

HITLER CRAVES RUSSIAN LAND

Points to 'Surplus Prosperity" Reich Could Have With Urals, Ukraine, Siberia

By The Associated Press

NUREMBERG Sept 12 — Adolf Hitler with hundreds of Nazi war planes roaring in a threatening tempo overhead declared today Germany would be overwhelmingly prosperous if we had the rich agricultural lands and the oil-laden mountains of Soviet Russia

Speaking before the labor front after he had told the guards of workful boys and girls that Germany would triumph over Russia if the hour ever comes when there is war the fuehrer declared

If I had the Urals if we possessed Siberia if we had the Ukraine National Socialist Germany would be swimming in surplus prosperity

Big Bombers Overhead

As he spoke 200 heavy bombers and hundreds of pursuit planes wheeled and circled above the convention grew loud

It was only for a brief moment in his long speech however that Hitler nudged the advantages Germany would gain by the expansion of lands to the east

In a few words he painted a picture of the plenty which such acquisition would bring in contrast with Germany's present difficulties struggle against the raw material shortage

Describing the Soviet surplus of land and materials he declared

I am not in the fortunate position of the Soviet Union Nevertheless Germany's problem must be solved

There is no such thing as saying It cannot be done It must be done because it must be done

Germany must live

The reichsfuehrer's whole speech was a plea for patience fortitude and determination in the task which he admitted might take a generation to accomplish

Points To Future

But the nation thank God lives longer than one generation he went on

He pleaded with the workers to understand that Germany's purchasing power cannot be increased except through an increase in national production

Earlier before the 50 000 young Nazi boys and girls Hitler had declared of Russia

Let him carry his Soviet star we will conquer in the sign of the swastika

Hitler referred to the black and red swastika emblem of Nazi Germany and the five pointed red star of Soviet Russia

If the hour ever comes when our old adversary makes an attempt upon us the fuehrer told the picked delegations of junior Nazis you will be standing at my side behind and before me and will help me fight

THREE COUNTY MEETING SET

Churches of Christ of Marion, Morrow and Crawford Areas Will Meet.

The congregations of the Churches of Christ in Marion, Morrow and Crawford counties will hold their quarterly missionary conference Wednesday at the Church of Christ at Caledonia. Special conferences will feature the afternoon session and a potluck supper at 6:30 p. m. will include a social hour.

Mrs. W. O. Riddey of Galion, vice president of the missionary association, will preside for the afternoon session which will open at 2:15 with a song service in charge of the Kirkpatrick church. Rev. Ross Elliott of Galion will conduct the devotionals and special music will be furnished by a group from the Pleasant Grove church in Morrow county. "What Position Should the Sunday School Occupy in Relation to the Church?" is the topic of a talk to be given by Rev. James O. Dodd, pastor of Central Christian church. Rev. M. L. Buckley of Marion, and Rev. Raymond, Ellis of Caledonia will be in charge of the conferences which will close the session.

"How Can We Encourage Young People to Read and Study the Word of God?" is the topic chosen by Rev. G. L. Barnhard, of Bucyrus, for his talk at the evening session. Dr. C. L. Baker of Kirkpatrick will preside for the meeting which will open at 7:30. Devotionals will be conducted by Rev. H. R. Allegood of Marion, and special music will be furnished by the Kirkpatrick church choir. A panel discussion will complete the session.

Church News Told in Brief

Work Completed—Redecorating of the main auditorium of the First Presbyterian church has been completed and the service Sunday at 10:45 will be the first held there in three weeks. While the redecorating was under way worship was conducted in the basement recreation room. The walls have been refinished in buff, with a formal stenciling of brown. Several hallways and rooms also were redecorated.

Who Defeated You?

A SERMONETTE

BY REV. JOHN A. CARRIKER

Pastor, the Forest Lawn Presbyterian Church

One of the saddest pictures in the story of the great people of Israel called to be the children of God but ending up as captives of their enemies in a foreign land.

Along the lines of God's salvation for sinful men many have fallen away in defeat. Judas is a typical example of one called to follow the Savior of Men who followed for a short time and then met defeat because he valued gain a little more than Christ's mission and sacrificed to the selfishness of his own heart.

Down through the centuries the name of every Christian community has been the pain and disappointment suffered because of those who began the Christian life and then met defeat and fell away.

I saw a man this summer whom I knew as an honorable and respectful person in community and church activities but he was now turned away from the church and the Christian life and brought shame upon his name and that of his family, church and community by the manner of life which he is pursuing. He is only one of many who somewhere along the line met the enemy and was defeated.

Now bear in mind that the greatest disgrace and loss is not in being defeated, even though it be at the hands of the devil. The greatest disgrace and loss is in staying defeated. The soul is not conquered who can and will turn his heart back to the truth of the Bible, back to the proper life, back to the church of his Saviour, back to active Christian service.

The Apostle Paul writing to the Galatians said "Ye did run well; who did hinder you?" And to the Philippians, "Forgetting those things which are behind and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

CHAPTER SORTY-THREE

Solace

So CORNELIA knew. Did that mean, then, that everybody knew? That she and Blake had been ostriches with their heads in the sand? She winced, and tried to push back the thought with the physical activity of making coffee and toast.

She felt the weight of horror; knew that she could stay in this room all day and be mad by night. She threw on her clothes with desperate haste and fled, locking the door behind her.

But the horror came with her, through the locked door and into the gray coldness of the outside world. She boarded an uptown car, and felt its breath on her cheek. She almost expected the conductor to say "Two?" as she held out the money for her fare.

She bought a dress, wondering all the while if she could ever wear it, and lost the black shadow for a time in the crush of eager struggling women who hunted after Christmas bargains.

She ordered lunch and made a pretense of eating it, then sought the sheltering darkness of a theater, to sit staring blindly at shadows that moved and spoke and pretended to suffer beautifully in gowns by Adrian.

She made herself see the film through, then she boarded a car and got off at the market nearest the Sherwood. Cornelia being invited to dinner, would expect to eat. Lamb chops and artichokes—*Gruyere cheese and lettuce*: these things at least were real and permanent.

Cornelia came soon after six, straight from work, she said, and looking straight from Park avenue instead. She took off her hat and coat and went to the kitchen, where she began expertly to fashion a salad.

She talked lightly and steadily until the meal was done, and Carol followed her lead as best she could. If they were to eat they must keep the shadow at bay as long as possible.

But after dinner Carol made the plunge herself, breaking in with Cornelia's laughing account of an unruly customer.

"Cornie, why did you come here tonight?"

Cornelia inhaled her cigaret slowly. "You know, or you wouldn't ask that question."

"Yes. The shock was in realizing that you knew, too. And that if you knew, there must be a lot of others who did."

"No. That was what I came to tell you. I don't know how I guessed, except that I realized what would probably have happened to me in the same position." She smiled faintly. "I don't believe I could work with a man like Blake and not fall in love with him, and I didn't believe he could work with a girl like you and not do the same thing. I wasn't sure, of course, but when this happened I couldn't think of any other reason."

Carol started to speak, but Cornelia broke in quickly. "What I wanted to tell you was that nobody has suspected a thing; so far as I know, there hasn't been a breath that linked your name with his. And if there had been, I believe I would have heard it, because—" she grimaced—"I seem to hear things whether they interest me or not."

"But—you weren't sure until this happened. How do you know that it won't open a lot of other people's eyes?"

Cornelia smiled. "You don't give me credit for being smarter than the mob, do you?"

"Oh, yes I do! But ferreting out this sort of thing hasn't got much to do with intelligence. Usually it's the other way around."

"True. But I've seen two or three people today, and I know none of them has guessed. The general verdict is: She never has been quite normal, anyway!"

The mention of Irma shattered Carol's composure, so that she shivered and turned her face away.

"Cornie, I—I don't believe I can stand it...."

"Yes, you can," Cornelia said firmly. "You can stand it and eventually forget it."

"Forget that — you've killed somebody?"

"Oh, my God!" Cornelia said hotly. "I expected something better than that from you. You didn't kill her; it was her own rotten cowardice and spite that did it."

"No it wasn't. She wouldn't have done anything so desperate if she hadn't loved him terribly."

"Oh, no?" Cornelia said scornfully. "She's have done it just as quickly if she'd hated him. She wasn't capable of love; you know that. Hate can make you just as desperate as love: hate and jealousy."

"Well, in either case we drove her to it."

Cornelia said more quietly: "Do you mind telling me what did happen? I can judge better if you do."

She told her, dully, of Blake's trip to Florida and of his filing the suit. But not of the ironic night of his return; nobody, she prayed, would ever know about that. When she had finished Cornelia nodded vigorously.

"If there's anything shameful or dishonest about all that, I can't see it. Good Lord, Carol, people get divorce every day! It doesn't cause a ripple."

"Not divorce, no. But—suicide—is another story. Don't you see," she cried out, "that it's not whether people guess it or not? That it's something that would be there—between us—if we lived a thousand years? He feels exactly as I do about it."

"How do you know he does?" Cornelia demanded bluntly. "You've got to see Blake as soon as he gets back. Maybe he can reason with you even if I can't."

Cornelia was probably right. You couldn't leave a thing like this suspended in midair—not if you hoped to keep your reason. She agreed listlessly.

"Yes, I guess I'll have to see him—once. But not here; it would be sure to be the one time he'd be seen and recognized. I—may get you to help me out."

"It's what I came for," Cornelia said sturdily. "And for goodness sake do it right away. Don't let the thing eat your heart out first."

She stood up. "Get your hat. We're going and play bridge with the Gordons."

Carol spun around and her eyes were wet. "Cornie, I can't see anybody!"

"You've got to," Cornelia said flatly. "The sooner you start getting used to it the sooner you'll get over it. Get your hat and stop talking!"

Carol meets Blake, Monday.

"You didn't kill her!"

One Party System

The chief significance of the Talmadge-Roosevelt fracas in the fraternal recrimination department is the temporary revelation of the wide political gulf

The one party system of the solid south in national affairs is an institution of which some of the Talmadge-Roosevelt fighting would have no place in quite a figure in the United States senate

Rolling up of Old for instance cannot be described to fuel policy for him in deal He had some of the essential qualities of the late Huey Long who used the one party system in his state to political eminence he never could have reached through the kind of political competition prevailing under a two party system

It goes without saying that most Americans are anxious to get along somehow with as few as possible politicians of the Long Talmadge type at large in the expensive atmosphere of Washington The solid south can rest on its laurels indefinitely as far as the rest of the country is concerned

Gov Talmadge may be an excellent gentleman As an anti new dealer he even commanded approval in some quarters ordinarily opposed to his particular type of politician But it is as certain as the fact that he is an ambitious fellow that once he had reached the senate he would have capitalized on his security under the one party system to engage in some of the antics characteristic of his type

For that reason his defeat causes no sorrow outside the ranks of his own followers Possibly his victorious opponent Richard B Russell Jr may be far from an ideal senator when Georgia returns him to Washington but at least Russell has a reputation to make whereas Talmadge had a reputation to live down

How Did It Happen?

There's little doubt that Great Britain is enjoying a degree of economic recovery greater than at any time since the World war Now comes the news that the country's unemployed dropped in August to 1 613 910 the lowest in more than six years It was the seventh consecutive month in which a decrease had been recorded

How did it happen? What powerful shot in the arm revived dropping business and stopped even Britons from grousing? Did government plan out the recovery on blue prints produced in a brain trust factory?

Strangely enough one looks in vain for any spectacular explanation of Britain's comfortable prosperity Perhaps going off the gold standard helped to start the prosperity march although most countries now enjoy similar advantages Perhaps the large program of government aided residence building gave the recovery wheels a few pushes Perhaps tariff agreements have sent some gold to the Bank of England

Yet the sensational element is lacking Apparently as one returning visitor said level headed statesmen and businessmen have been doing the sensible thing and leaving the rest to the laws of economics If credence were given to some talkative American commentators of today the belief could be held that nothing but the magic of government could produce recovery The stubborn Britons do not seem to be impressed by that doctrine—and they are getting results

There's a Moral

There's a moral in the story of an incident that happened in Brooklyn recently so if you don't like morals here is the place to stop

Mrs Kanetsky a housewife struggling along on less than a modest income believed in the virtue of thrift She saw a dozen reasons why she should use her money sparingly and why she should try to put something away for a rainy day So many months ago she started dropping quarters dimes nickels and pennies into a savings bank

It could not be withdrawn off hand that bank But if it should she did Her running account showed the box held $18 Believing in not squandering her reserves the moment they were accumulated Mrs Kanetsky decided to bank the money and let it work for her

But she reckoned without her two year old son Murray who didn't know the value of money Starting off to the bank she put the money box in the baby buggy with Murray who immediately decided it was a toy He played with it all the way but when they were opposite the bank he tired of his new toy and tossed it overboard It crashed to the sidewalk turned over and fell through a sewer opening

It took an emergency police crew to regain Mrs Kanetsky's precious hoard Murray started to play with the toy but his mother had different ideas for it

There's more to the story It could have been used in a little operation Buffalo Evening News

When Liberals Meet

It is interesting to watch some of the native fascists [illegible] the Roosevelt administration [illegible] extraordinary significance has occurred in the Rocky Mountain and Pacific Coast states No matter what the outcome of the election the attitude assumed by one of the leaders in the region in question because of artificial prosperity has temporary political power but no permanent economic or moral basis

In the 3½ months from March 31 1933 just after the new deal had poured $1 722 000 000 into 48 states that I have [illegible] for the purpose has been reduced by [illegible] But a close examination of the [illegible] which [illegible] that [illegible] these states are keeping up [illegible] the arrival [illegible] to similar work [illegible]

When bridges and dams are built certain localities there are [illegible] and dance floors built mainly to take the place of those just finished Most of the little temporary [illegible] from [illegible] and [illegible] to light manufacturing and the tourist and one small activity that springs up with these projects must come to an end It may seem as if some of the mushroom towns of mining days were speedily wiped out

For when purely federal spending in the quantity [illegible] by the federal government upon the existing structure of these several states without regard to long time effects is economic planning in reverse Yet this is exactly what has happened Agricultural states have been given projects of an industrial or construction character and much work has been carried on under the WPA for local improvements which cannot be possibly carried on again by the federal government because of the tremendous expense involved

In these western states moreover there has been a sizable influx of population from the middle west drought areas and from the smaller cities and towns in the east Temporary jobs have been created but the government work can never be replaced by private industry as is so often promised because in most of these states there never will be private work of the kind the government has instituted

Some idea of the vast sums spent in the 13 states may be obtained from the following table which does not include rivers and harbors or reclamation projects but does include grants loans subsidies and allocations from the various alphabetical agencies of the new deal for three years

Arizona $15 709 818 California $1 289 145 833 Colorado $223 816 051 Idaho $150 109 965 Minnesota $ 33 946 836 Montana $264 837 163 Nevada $67 563 561 New Mexico $128 187 991 North Dakota $269 803 436 Oregon $223 780 139 Utah $139 035 927 Washington $227 153 771 Wyoming $96 850 471 Total $3 776 710 021

Now if you consider any one of the foregoing states and realize what a big percentage of the total business done in every state is represented by these huge sums you come to realize that to withdraw any such artificial stimulant is comparable to the withdrawal of a drug from a narcotic addict The states will not be accustomed to such a change and they will not be able to get similar sums no matter whether the new deal is continued or defeated For there aren't any federal funds to keep up such enormous spending

Nor are there any signs that farm income can take up the lack when the government itself has set a scale of wages on the work projects which is far beyond what has been paid to rural workers heretofore The so called prevailing wage is all right when monitored in cities and towns against work in the trades but it is lopsided when harvest hands and farm workers are lumped into the wage scale and farmers have to pay higher than WPA scales of wages to get labor away from the federal projects

The intervention of the federal government into the economic life of the several states by created work that cannot be substituted later by private employers and cannot be continued by public employment because of the expense is a sad commentary on the effort to mix politics and economics but much worse is the interminging of agricultural and industrial wage scales without regard to the previous habits and customs of the areas affected

It will take America a long long while to recover from the effects of the artificial economy which gives the western states at present their false flush of economic health

Safe for Democracy?

Despite current scares Americans are sure of their democracy Firmly rooted in our hearts and minds is the conviction that reasonable men and women can control their private and national affairs successfully in a manner permitting of the highest possible degree of personal liberty Be we Roosevelt ians Landonites Coughlinites Lemkeites or even Thomasites our attitude toward human affairs is saturated with the democratic point of view

Yet in Europe Great Britain and France are the only great powers still maintaining democratic governments with Spain practically certain to yield to some form of dictatorship It was not surprising therefore to hear Adolf Hitler fling a broadside of ridicule and indignation against democracies the other day It was not even surprising to hear him say that no nation ever was created by democracy and that unless democracy is overcome culture will diminish

Apparently the fierce egoism of Hitler Mussolini and other dictators makes them believe sincerely in the gospel of the superman makes them hold that culture can exist only as a dependent upon political leadership Yet what of the people whom these dictators lead? Could a whole people be driven along a superman's road could all criticism be throttled unless large numbers supported the dictatorship concept?

Americans cannot reply glibly that Germans and Italians are being whipped into submission even though there is evidence of some resistance to the iron hand The possibility must be faced that huge masses of people gripped by the panic of fear and defeatism left by the World war see in autocratic leadership their only hope of national salvation

Yet the picture need not be painted entirely in black tones What Dr Malinowski said about communism at the Harvard tercentenary conference the other day might well apply to dictatorship No free human being permanently will do without some legal guarantee safeguarding for him the results of his efforts No free human being it might be added permanently will yield to the autocratic will The urge for freedom is biological as well as social It cannot be suppressed forever even though temporarily it may be sidetracked Yet the essential soundness of the democratic ideal does not guard it from attacks The people must do that

How To Do It

When the government baby bonds were issued customers did not flock to the post office windows Sales have been steady and have continued to mount but there never has been a stampede

In Japan however an offering of similar baby bonds recently almost caused a riot as prospective buyers tumbled over themselves in their eagerness to part with their money Bus girl housewives with babies strapped on their backs clerks stenographers and hosts of others stood in line Many waited all night The issue was sold in a few days

Perhaps the small denomination of the bonds alone $5 helped Maybe the interest rate of 3½ per cent was a factor But probably the crowning sales point was a lottery feature A few holders of lucky numbers received prizes of approximately $900 Presto! the bonds were sold

Economic Problem Coming in West

Future Difficulties Certain as Result of Present Artificial Prosperity

This is the fourth of a series of five dispatches written by David Lawrence summarizing a visit he has just completed to 11 western states Mr Lawrence finds the Roosevelt cause dominant there at the moment but with Landon strength to win Today's dispatch deals with the effects of federal spending Next week and thereafter the dispatches from individual states will be resumed until 10 out of the 48 have been surveyed

CHICAGO Sept 12 An economic phenomenon of extraordinary significance has occurred in the Rocky Mountain and Pacific Coast states No matter what the outcome of the election the attitude assumed by one of the leaders in the region in question because of artificial prosperity has temporary political power but no permanent economic or moral basis

In the 3½ months from March 31 1933 just after the new deal had poured $1 722 000 000 into 48 states that I have [illegible] for the purpose has been reduced by [illegible] But a close examination of the [illegible] which [illegible] that [illegible] these states are keeping up [illegible] the arrival [illegible] to similar work [illegible]

Men and Affairs Under The Washington Spotlight

BY PAUL MALLON

WASHINGTON Sept 12 —Hitler demands a colonial African empire from Britain and France in a bristling military speech at Nuremberg—Soviets stage troop manoeuvers on White Russian frontier—France announces an umpteen million franc plan for military expansion over the next four years—Hull bluntly warns of war in speech to power congress—

These are the flashy developments within the span of two recent days If they do not add up to a war just around the next corner then a lot of people must be fooling The answer is Bally hoo

Hitler was bragging to the annual Nazi party rally that he had accomplished all his objectives He had been 100 per cent successful A leader in Hitler's shoes without a purpose must either arrange for a pair of slippers or another purpose The colonial empire demand will save him from going to the shoe store

However he will wear through many another pair before he gets any worthwhile colonies out of France and Britain They will stall him off with suggestions that he offer disarmament in return The negotiations will drag on interminably There will be no war about that Both sides understand the game

Chest Maneuvers

Soviet troop manoeuvers were likewise timed for the Nazi political convention and for domestic political effect It showed the Red peasant how alert his government is to the Nazi and other menaces after having just survived a supposed Trotsky revolution If Hitler can beat his chest without coughing so can the Russians

Replenishment

The French have secret budgets for their military expenditures They announced what they choose If it happens to be inaccurate the world never knows the difference This time the French announcement neglected to say what they intended to use the new army appropriation for purposely leaving the impression that a vast expansion of the army was planned

The fact is her airplanes are obsolete She was the first nation to have an efficient air force She had over 3 000 planes the first of this year But remarkable strides have been made in aviation lately She will use most of her new francs to keep up with the Germans

No war will come of that.

Warning

There is no reason to believe Mr Hull had any private information leading him to suspect war is nearer than the public generally suspects He did not profess to have any If he has he is keeping something from most of his advisers His speech was intended only as a warning

And incidentally many a new deal politico considers the possibility of war within the next four years as another reason why President Roosevelt should be elected

No war will come of this warning no peace either Some votes may

Best Guess

The authorities here who know as much about war prospects as anyone else have not recently changed their size up of the situation

They think the odds are 10 to 1 against war in the next year but only about 2 to 1 against an outbreak in 1938 There is also a fair chance that the international disarmament movement will be revived before then and some agreement reached which will delay war even further Most of the nations are getting what they want and will have to ease up on expenditures or fight

Their hunch is that the spot where war is most likely to break is not the one upon which the eyes of the world now are focused but on the Far Eastern frontier where Russia and Japan are glaring at each other

One-Way Fog

The navy and state departments are becoming more and more involved in their mistaken identity theory of the bombing of the Panay The seriousness of the incident is over but not the discomfiture of the officials Their first story sounded a little weak but now it is near exhaustion

The original official interpretation was that the plane was low enough to disclose that it was a three motored ship but too far up to see two American flags on the destroyer also too high to be hit by three rounds of anti aircraft ammunition

Now it develops the plane was low enough and visibility was clear enough to enable a naval officer on the destroyer to take a movie of the whole bombing with his personal hand camera The navy department has called for the films

When these come they will undoubtedly establish the existence of a sea phenomenon a one way fog at the scene of conflict

The picture above shows Charles E. Schaad district manager for northwestern Ohio for the Midland Mutual Life Insurance Co., at work in his office in the Marion building on South Main street On the walls as shown in the picture are charts showing the benefits of life insurance and pictures of company officials

the Huber building Then about 15 years in the McNeal Wolford building and for the last seven years he has occupied the entire north side on the second floor of the Marion or C D & M building at 196 South Main street

Sees Business Grow

When Mr Schaad took charge of this agency there was very little Midland business in force in Marion county Today there are several millions He with his loyal associates has placed more than $70 000 000 of business on the books of his company during the last 25 years

The 17 counties comprising his territory are Marion Crawford Richlan Ashland Morrow Delaware Union Champaign Logan part of Auglaize Hardin and Wyando

Of the three dozen associates in the 12 counties one—C P McPheron general agent at Bellfontaine O—has been associated with him for 21 years R W Kauble and M D Metz agency supervisors of Marion each have been associated with him about 14 years W L Walker of Galion O and J D Obermiller of Crestline O each about 12 year

The Midland Mutual Life Insurance Co just passed its first 30 years of insurance service with about $105 000 000 of business on its books and over $24 000 000 of assets and is one of the very few companies if any other that has paid to and held in reserve for its policyholders (including its *taxes paid more*) more money in the 30 years than it received from them

The Midland has now and always has had the highest rate accorded any life company by all rating agencies The following letter of congratulation from the president of the Midland will be interesting to the thousands of policyholders and friends of Mr Schaad

Letter from President

Of all the messages of congratulation Mr Schaad has received on his twenty fifth anniversary one of the most highly prized is from George W Steinman president of the Midland

Mr Steinman's letter follows

Columbus Ohio
Sept 1 1936

Mr Charles F Schaad
Marion Ohio
Dear Mr Schaad

I have before me an agreement bearing date of the 7th day of September 1911 The parties to this agreement were yourself and the Midland Mutual Life Insurance company This agreement marked the beginning of your very successful career as a representative of the Midland Mutual Life Insurance company in western Ohio

I apprehend that the average business life does not cover a period of 25 years I am sure that the average business life of individuals engaged in the same endeavor with the same company can be stated in years much less in number than 25

No greater loyalty and dependability have ever characterized the career of any representative of any life insurance company than have characterized your career as a representative of the Midland We congratulate you sincerely upon the approaching twenty fifth anniversary of the beginning of your valued service to the Midland and we hope that the Midland may continue to be the beneficiary of your loyal efforts for many years to come Your community does not begin to realize the benefits of your efforts and possibly that realization will be deferred many years I hope that you can look back upon and summarize your career as a representative of the Midland with satisfaction and with a realization of a most constructive accomplishment throughout the years

With congratulations kindest regards and best wishes for the years to come I am

Sincerely yours
(Signed) Geo W Steinman
President

Marion Tailor Enlarges Shop and Adds Line of Men's Furnishings

For more than 42 years Joe Voll has been making clothes for Marion men With the exception of the last three months of this time he has occupied the same room—on the second floor at 139 North Main street

After nearly a half century in business most men are thinking of retiring or have already turned their business over to others But not Mr Voll In fact he has recently enlarged his business moved from the second floor room to a first floor location and added a line of men furnishings to supplement his tailor made suits overcoats and top coats His new room is immediately under the room he occupied since March 14 1894 when he first went into business here

Although styles and prices have changed radically since Mr Voll made the first suit in the North Main street shop many of his early customers still come to him for tailor made suits Today Mr Voll and his son Francis Voll who is associated with his father turn out first class tailor made suits at prices ranging generally from $23 to $35 and offer a wide range of patterns in domestic and imported woolens

The passing of the years has left the Voll shop the only custom tailoring shop in Marion In view of this Mr Voll has made special preparations to take care of the needs of Marion customers who have always bought tailor made suits as well as new customers He recommends the placing of orders now for fall and winter suits overcoats or top coats before the change of seasons actually takes place

Mr Voll was born in Stanken roth Germany and came to America in 1888 He is of a family of tailors as his father and brothers operated tailor shops in Germany Francis Voll who has been associated with his father for 18 years represents the third generation of the family to engage in the tailoring business

Before coming to America Mr Voll worked as a tailor in his native Germany He learned the art of cutting however in Chicago and after coming to Marion worked for three years in the shops of Paul Gettum and the Strelitz Bros before opening his own shop

The new Voll shop offers a complete service in men's furnishings from tailor made clothing, cleaning and pressing to shirts ties underwear suspenders belts hosiery and numerous other items

A view of the new Voll tailoring shop and retail store The store is immediately under the rooms on North Main street that Mr Voll occupied for more than 42 years. Mr. Voll and his son, Francis Voll who is associated with him are shown at the rear of the store.

WOODEN STRIPS TO SEAL GLASS DOORS

Glazed doors should have the glass held in place with wooden strips or beads and not with putty The constant closing of doors soon loosens the putty and out comes the glass There should be a thin layer of putty however between the wooden shoulder against which the glass is set and the glass itself to act as a seal

CONCRETE USED FOR MULTIPLE PURPOSES

Concrete lends itself readily to building purposes Houses constructed of this material are cool in summer warm and dry in winter resist fire storm and termites and are not quickly affected by the ravages of time and decay

Concrete floors are fireproof and strong easily cleaned and make a good foundation for linoleum carpets or rugs

GAILY DECORATED DOORS ATTRACTIVE

Doors instead of merely serving prosaic utilitarian purposes may add to a room's decorations Particularly in bedrooms bathrooms and kitchens may the doors dare to be different.

A kitchen had ivory woodwork and walls while curtains utensils and other accessories were red and green The panels of the door were painted a bright red outlined in green

AUTOMOTIVE SUPPLY GETS EXIDE AGENCY

Oldest Auto Battery Company Backed by Long Experience

The agency in this locality for Exide storage batteries recently has been acquired by the Automotive Supply Co on North State street at Court street

The Exide Storage Battery Co of Philadelphia Pa is the oldest storage battery manufacturing company in the United States having started in business in 1888

This is a better year in storage battery circles as it is the 25th anniversary of the development of the electric starter for automobiles

The electric starter backed up by Exide dependability eliminated the hazards and unpleasantness of hand cranking Its universal adoption made widespread automobile ownership and year round operation possible

With the trend in the last few years toward higher engine compression ratios more electrical accessories for the driver's safety and comfort and longer trips the battery's job has become still more difficult and yet more important

Certainly the wise motorist gives careful consideration to the selection of a battery a product so vital to dependable every day service from his car In an Exide he finds the utmost in reliability An Exide battery has behind it the unbroken record of 25 years of successful automotive design and manufacturing experience

The world's most completely equipped British airplane has been installed at an English airport having in addition a staff of operations while patients are being taken to hospitals

GRACE MOORE IN STATE FILM

Singing Star Featured in "The King Steps Out;" Richard Dix Picture on Bill.

The glorious voice of Grace "One Night of Love" Moore, Metropolitan opera star, is heard in "The King Steps Out" the picture which will be brought back to the State Sunday, Monday and Tuesday on a double bill with a Richard Dix picture "Special Investigator."

Opposite Tone is Miss Moore's leading man, with Walter Connolly, Raymond Walburn and Victor Jory important roles. Miss Moore reigns again of love in her role of a princess masquerading as a governess and loved by a bachelor king whose ambitious mother would have him marry royalty.

In "Special Investigator" Dix plays the role of a brilliant criminal lawyer who later becomes a government aid, ruthless in his attack on crime after the brutal killing of his brother. Margaret Callahan is the leading woman and in other roles appear Erik Rhodes, Glen Davis Jr., Harry Jans and others.

Warwick Deeping's novel, "Two Lovers," will be on the Wednesday-Thursday program, with Otto Kruger as the star and Martha Sleeper, Minna Gombell, Ferdinand Munier, Cora Sue Collins and Robert Warwick in supporting roles. The story centers around an Englishman gentleman who, after spending 15 years in prison, seeks the outdoors, a new lease on life and a bit of romance. A cryptic code message scribbled on a $5.00 bill which is believed to be the key to a quarter of million dollar cache hidden away by a kidnaper awaiting the electric chair is the cause of all the trouble in "Panic on the Air" which features Lew Ayres and Florence Rice, daughter of Grantland Rice, ace sports writer. In deciphering the code the investigator stumbles on a murder mystery.

Taming of the Wild," an adaptation of Peter B. Kyne's famous story, will be shown Friday and Saturday. Rod LaRocque, star of silent pictures, and Maxine Doyle are the featured players, with Barbara Pepper and Bryant Washburn in support. The original story was under the title, "Shipmates." John

IN "STATE FAIR"

Janet Gaynor, above, and the late Will Rogers are the co-stars of "State Fair" which came back to the Ohio today to remain through Tuesday.

Wayne is the star of "The Lawless Nineties" which will be shown on the same bill

In Ohio History

(From the J. H. Galbraith collection of Ohio histories, written for The Associated Press.)

FRIEND OF SCHOOLS

Stark county claims the honor of having taken the first steps to establish a common school system in Ohio. Rep. James W. Lathrop of the county in 1825 got through a bill authorizing the levy of a half mill on every dollar on the tax duplicate for the support of township schools.

Many praised him for what he had done, but a minority among the farmers were bitterly opposed to the bill and threatened to prevent his reelection. He was reelected and applied himself to improving his common school law and had the levy for the purpose increased a little. It was the levy feature to which his farmer opponents most seriously objected.

Reelected for the second time, Lathrop continued to fight for the improvement of the school system, but fell ill in Columbus and died

472 PUPILS ENTER RICHWOOD SCHOOLS

Special to The Star

RICHWOOD, Sept. 12—The Richwood schools opened Tuesday with an enrollment of 338 pupils in the grade building, 68 being in the first grade. There are 134 students in the high school of which 46 are freshmen.

ROGERS FILM ON OHIO BILL

"State Fair" To Run Through Tuesday; Other Popular Pictures Featured.

"State Fair," a big picture from any angle and particularly important to thousands of followers of the late Will Rogers in that the beloved humorist-philosopher and Janet Gaynor are co-starred, returned to the Ohio today to headline the program through Tuesday.

The Wednesday to Friday bill will feature two new films, the talked-about "The Crime of Dr. Forbes" and "Half Angel."

For those who missed it before and the many who have requested to see it again, "State Fair" was reissued Supporting the stars are Lew Ayers, Sally Eilers, Norman Foster, Louise Dresser, Frank Craven, Victor Jory, and "Blue Boy" the prize porker that nearly stole scenes from the human players.

To those who saw the picture when it was first shown here, two of the best scenes were Will's doctoring of his wife's mincemeat and the showing of "Blue Boy" at the fair.

Fair Scenes Enacted

The story concerns a typical family off to spend a week at the state fair, living in a tent pitched on the grounds, seeing the sights, the youngsters dabbling in romance, the mother concerned with her entries in the pickle and mincemeat competition, and the father in a dither about his "Blue Boy."

"State Fair" has been regarded by many as one of the top-notch pictures among Rogers' long line of entertaining films, and probably because its theme is one of the traditions of the country.

J. Edward Bromberg, distinguished New York stage actor, plays the role of "Dr. Forbes" in "The Crime of Dr. Forbes," which features Gloria Stuart and Robert Kent. The famous physician is engaged in research seeking a cure for a fatal spinal disease. He goes to a prehistoric cavern in Arizona, in connection with his research leaving his laboratory and his pretty young wife in charge of Kent. Attracted to each other by youth, they are almost constantly together during his absence and unaware of the fact, fall in love. A cave-in traps Brombert in Arizona and crushes him. Kent and the wife rush to the scene and find Bromberg, hopelessly injured, in agony. Doomed to an indefinite period of pain, his plight can only be alleviated by death. Suddenly the injured man dies—and unmistakable evidence points to an overdose of drugs.

The question is, was it murder, or compassion? Cases of a similar nature have aroused discussion among medical men of this country and abroad, as to whether a painless, quiet death is more humane for a person doomed to agony the rest of his life.

Butterworth Heads Cast

Muddle-headed Charles Butterworth, Frances Dee and Brian Donlevy are featured in "Half Angel," a comedy-mystery-romance, in which Helen Wesley, Henry Stephenson and Sara Haden have prominent roles.

The story opens with Miss Dee on trial for the poison murder of her father. Donlevy and Butterworth alone are not astonished when the jury returns a verdict of acquittal. The two men, reporters, determine to obtain Miss Dee's life story and clear her name without a shadow of doubt. Miss Dee becomes involved in other murders before the story is told.

Playing a newspaper reporter was "old stuff" to dead-pan Butterworth. He was graduated with a law degree from Notre Dame university, but a job as reporter on the South Bend News-Times filled him with a zest for newspaper work and he went to Chicago, obtaining a position in the editorial department of the Chicago American. From there he went east and landed a job with the New York Times. A press club show in which he delivered his now famous monologue on Rotary led to a stage career.

September Lilacs.

If you're fond of lilacs we've found out how you can have a double crop in a season It's too late to try it this year but in case you're interested tuck the idea away for future reference It's been tested and proven so we are told that if you pull all the leaves off the lilac bushes on the first day of August there will be flowers for September Our informant added however that a good idea would be to have decorating party as it's more than a one man job, and added by way of proof that she and two friends worked a whole Sunday afternoon and only got a small patch covered Their reward was a couple of flowers for the mantel the following September

Vacations

EVERY dog has his day and every cat his night and by that same token if you hold your horses long enough your number hits on the vacation list We're at the threshold of the 1936 epoch and for the next fortnight or so is the life that will rival a guy named Riley who according to song and story paid no heed to alarm clocks call bells telephones or a summons of any sort It's been grand fun consulting tourist guides and we even went so far as to thumb forward and backward through a book with a huge ocean liner for front page decoration but the numbers didn't click we didn't hold the right sweepstakes ticket and all in all it just wasn't in the cards so we're going to come promise by giving the alarm clock the Bronx cheer at 7 a m going to the picture show in broad daylight and see just how the other half of the world puts in its time while the p w g does her daily dozens

Wesley Winner of Little World Series Championship

CAPTURES DECIDING GAME FROM SHOVEL TEAM BY 3-2 SCORE

Victors Studying Challenge of Axe Squad for "City Championship" Contests

By Dick Cheney

The Wesley softball team is the new champion of Marion twilight softball leagues

Wesley captured the Little World series title in the fifth and deciding game at Lincoln park last night by nosing out the Marion Steam Shovel team 3 to 2

Pay Walters Wesley catcher scored the winning run and broke up the ball game in the last of the sixth when he crossed the plate on an error by Andrews shovel catcher Officials had decided a few moments earlier to call the game after the sixth inning because of darkness since the two teams were tied at 2 2 after the first half of the sixth started

Game Ends in Argument

Heated arguments broke out immediately after Walters scored some of them over one of Umpire Percy Williams decisions and others as to whether the game had been completed Many fans argued the game would have to go the full seven innings to be official claiming such a rule has been applied to Little World series games

Softball officials declared however there is no such rule and any game whether played in a series or not is complete after five innings have been played

The proposed city champion ship game for next week, to which Leo Keller manager of the Axe All Star league champions had challenged the winner of last night's game seemed up in the air today L H McGhee, Wesley manager said his team has not conferred on whether to compete in such a game and that a decision may not be reached until early next week

Both the Wesley and Shovel teams played determined ball last night paced by the shining work of their hurlers Woody Walters for Wesley and Maynard Snyder for the Shovel crew

Only five hits were allowed in the entire game the Shovel getting four of them but being able to score only one run One of Wesleys runs was the result of an error while the other two came in when Bob Walters second baseman drove out a homer in the fifth, scoring Steinman ahead of him Steinman had reached base by virtue of an error on the part of Bush Shovel third baseman who overthrew first and allowed Steinman to reach the bag safely

Hitless Five Innings

Both teams went hitless until the fifth inning when Bob Walters garnered his home run The Shovel came back in the sixth with three straight singles by Bush Snyder and Marquis with Bush and Snyder scoring to tie the score Ray Walters then crossed the plate in the next half inning to give Wesley its winning margin

Walters the first man up for Wesley in the sixth had reached first on a walk and took second on a passed ball O Walters then walked and Ray went to third on another passed ball The two base runners started a double steal a moment later and Andrews overthrew in a toss to second allowing Ray to come in with the winning run

Snyder nearly doubled the strikeout mark of the Wesley hurler marking up nine against five for Walters Bases on balls proved damaging to Snyder and the Shovel team however since seven Wesley batters got free passes to first On the other hand Walters did not issue a single pass

Wesley made a real threat to score in the second inning but lost the chance when Reams right fielder popped out Marquis to Ballinger for the third out W Gorentio centerfielder had taken first base on a walk stole second and then reached third on Pohlers error Ray Walters and O Walters struck out and Reams popped out to end the inning leaving Gorentio on third

CARDS AGAIN TURN FROM OPPORTUNITY TO GAIN ON GIANTS

Drop One Game of Double Header While League Leaders Win Against Cubs

By The Associated Press

For three people [illegible] Brooklyn and the Chicago Cubs today the Cardinals are the house guests [illegible]

As a result they're still four games behind the league leading Giants today and with only 17 games left to play the job of catching up looks as tough as trying to hit one of Carl Hubbells screwball specials

In the last week the Giants have taken only four of their nine starts If the Cards had taken advantage of this letdown they might have picked up as much as a games of vital ground

The set up was no different yesterday The Giants won their one game against the Cubs 5 1 with Hubbell pitching a four hitter for his 13th straight win and 23rd of the season

The Cardinals won only the opener 12-5 as rookie Don Gutteridge belted out two homers and a triple and then dropped the nightcap 5-4 their bats helpless before Van Mungos strikeout elbowing

The Pirates who still have that one chance in a thousand climbed aboard young Bill Weiss pitching for five runs in the first inning to sew up a 10-3 victory over the Bees

A surprise turned up for the Reds in Philadelphia as the Phillies with Dolph Camilli's big bat setting the pace landed on Wild Bill Hallahan and two other Cincinnati throwers for 12 hits and a 9 6 win

The White Sox equalled the major league record for hits off one pitcher in one game walloping Horace Lisenbee for 28 safeties and a 17 2 win over the Athletics as Monty Stratton held the Mackmen to six hits

Lou Gehrig blasted his third homer in as many days—his 46th for the season—to lead the Yankees to a 14 5 conquest of the Tigers

That battle for third place in the American league shifted again and the Senators broke a tie with the Tigers and took sole possession by trouncing the badly slipping Cleveland Indians 7 2 behind Earl Whitehills six hit hurling

The Red Sox topped the Browns 6-2 with Wes Ferrell pitching a six hitter

COACH SCHMIDT THROUGH HANDING OUT PRESENTS

Calls Bucks Grid Losses Last Year Gifts to Opponents

By Fritz Howell
Associated Press Sports Writer

COLUMBUS O Sept 12—Coach Francis Schmidt Ohio States football coach who wrecked the Michigan point a year ago with the calm quip Ive put their goal on ice at a time like this for when does they and then keep on it but the heat from off the field in a fog is the tough handling at present

Six years ago Illinois upset the Bucks 14 to 13 for the lone blot on the record in a game in which the Ohio boys were top heavy favorites Last year in case you have forgot ten Ohio ran up a 13 to 0 lead over Notre Dame and then in a fourth period filled with hysteria and drama the Irish banged over three touchdowns to win

* * *

The two drift is Schmidt said were just presents to Bob and Elmer meaning Bob Zuppke and Elmer Layden coaches of the Illini and Irish respectively

In an interview the usually taciturn Texan said This year its another year and another story so you can figure out for yourself what he thinks will happen this season when the Bucks meet the only two teams which have marred his record since he came into the Big Ten

Schmidt terms the Ohio State schedule this year a suicide slate stresses the fact that he lost a great bunch of ball toters through graduation but said he expects his sophomores to come through in a big way

* * *

The Buck mentor has been a coach in various colleges for 21 years He started in 1915 took two years out to serve in the World war and has been at it ever since

In those 21 years his teams have played 186 games and but 31 of those were chalked up on the losing side Ten were ties and 144 were victories and if that isnt something to shoot at then neither is a target

Schmidt brought something new in football to the Big Ten a wide open game that thrills the fans and fills the stadia (note the plural)

When he says he has coached football 21 years that's just what he means for he is not a three

COACH SCHMIDT

month coach who finishes a season and then forgets football until fall

You have to work at football 12 months a year or pretty soon you'll find yourself on a 12 month vacation is the way he puts it

* * *

The big mentor can do everything he asks his boys to do and just to prove it he does it He doesnt tell the players how to a thing he jumps right in and shows them

He has but one failing as a coach and he could cure that by spending a dime but he probably hasnt thought of it His lone fault is an inability to whistle with his lips or through his teeth yet he persists in trying it every time he attempts to call the squad together of the practice field

At the opening practice which ended just as the sun was going down he told the boys

Now some of you will be out here earlier than the others for practice Dont just stand around waiting for the others but start practicing on the things at which you are weakest

And from the back of the crowd one of the players answered

How about you coming out early and practicing that whistle?

ZANESVILLE WINS MID-ATLANTIC TITLE BY BEATING DAYTON

Captures Third Game in Playoff Series, 8-4, Manager's Strategy Backfires

By The Associated Press

DAYTON O Sept 12—A pol[illegible] sagging crew of ball players from the banks of the Muskingum went back there today with the satisfaction of having [illegible] old Ducky Holmes pilot to win the championship of at least one half of the Mid Atlantic season

Winning the third and deciding game of a play-off with Dayton to determine the second half champion the Zanesville Greys plastered over their title of first half champions a new one 1936 Mid Atlantic champion

The score last night was Zanesville 8 Dayton 4 and Duck Manager Ducky himself started off a fatal nine inning Zanesville rally with some backfiring strategy

With Lefty Bob Duffy pitching a good game and the Ducks ahead 4 to 3 Ducky saw Gugler of Zanesville single and go to second on a sacrifice Bill Sodd Gre, slugger coming back after weeks of illness came out to pinch hit for Adams the current Zanesville pitcher

This Holmes decided was the time to send in Sol Ahern a new comer who has won quite a number of games in a few weeks Sol walked Sodd Demanicor singled and Gugler and Sodd scored to blow up Daytons lead Shilling doubled and Demanicor scored Finally Ahern pitched a home run ball to Heath who goes to the Cleveland Indians It dropped over the centerfield fence

Bill Zuber another Grey headed for Cleveland pitched hitless ball for five innings striking out five and walking eight

Score	
Zanesville	002 010 005—8 9 1

THIRD STRAIGHT WON BY MILWAUKEE TEAM

Rampaging Brewers Advance to Within One Game of Playoff Finals

By The Associated Press

CHICAGO Sept 12—The champion Milwaukee Brewers had a stranglehold on a spot in the American association playoff finals today and the crippled St Paul Saints saw a chance to get back into the running after being two games down to the Indianapolis Indians

The Brewers won their third straight game last night from the third place Kansas City club whipping the Blues 7 to 4 Yesterday afternoon the Saints took their first game in three starts against Indianapolis 6 to 5 in 11 innings

Before a paid attendance of 3750 the Brewers advanced to within one game of the playoff finals behind some effective relief pitching by Luke Hamlin and three run bursts in the second and fifth

John Niggeling who started for the Blues allowed all the Brewer runs his error leading to three markers in the second

The Saints won on the pitching and batting of young Ira Hutchinson who took the mound in the ninth with the sacks loaded and two out and the count three balls and no strikes on Fred Berger Hutchinson fanned Berger and held the Tribe scoreless the next two frames In the eleventh after singles by Pasek and McWilliams, he drove a ground ball that scored the winning run

The teams now go to Indianapolis to conclude the best four out of seven series there the winner to meet the Milwaukee Kansas City winner in a seven game series

Stuart Martin the St Louis Cardinal rookie is said to be the best hunter to enter the majors in years

AHOY, CAPTAIN'— HARK! I HAVE NEWS! THE HELMER, I MEAN THE HELMSMAN FAINTED
OH, HE MUST HAVE SEEN THE SAME THING I DID!
WELL, GET SOME WATER ON HIM— THEN TELL HIM TO COME HERE
AYE, SIR
AHOY, OSCAR, DID YA PUT SOME WATER ON THAT MAN?
AYE, SIR, I THREW HIM IN THE OCEAN
OF ALL THE DUMBHEADS! I YAM DISGUSTI-PATED
KEEP UP I'LL SAVE YA
OSCAR— YA JUS' CAN'T KNOW HOW DUMB YA ARE! YA JUS' CAN'T!
WHY, THE IDEA!
MY GORSH! HE MUST BE ALMOST DROWNDED— I CAN'T BRING HIM TO— BLAST IT! I CAN'T BRING HIM TO!
HERE— THROW THIS WATER IN HIS FACE!

WHAT A CHEERFUL GUEST EZRA IS, TOOTS! WE OUGHT TO SWAP HIM FOR A WAILING WALL— ALL HE DOES IS MOP ABOUT JUDY ALL DAY LONG—
I'M ALMOST JEALOUS OF THAT MOON UP THERE BECAUSE IT'S LOOKIN' DOWN ON JUDY AND I DON'T KNOW WHERE SHE IS—
SO NEAR AND YET SO FAR! LITTLE DO THESE TWO OLD LOVERS REALIZE THAT JUST ONE SHORT MILE SEPARATES THEM FROM EACH OTHER.
WAY OUT THERE IN THE NIGHT SOMEWHERE IS EZRA— AND HOW I WISH I KNEW WHERE HE IS—
LET'S HOPE THAT A CHANCE MEETING OR SOMETHING WILL SOON BRING THESE TWO LONESOME SOULS TOGETHER AGAIN!

STOCK MARKET CLINGS TO RUT

Few Specialties Venture Forward but Rest of List Ioles in Short Session

By The Associated Press

NEW YORK Sept 12 — The stock market swung in a restricted orbit today as traders found the inspiration to step over far on either the buying or selling side

A few specialties pushed forward but many of the leaders were virtually unchanged and a few were substantially lower at the close Transfers were around 500 000 shares

Atlantic Gulf & West Indies was a star performer getting up more than 5 points The rise was attributed partly to reports of climbing freight and passenger traffic for this corporation's steamship lines

U S Steel started the day with a jump of more than a point The other members of this department refused to follow however and this issue later lost most of its gain Bethlehem Youngstown Sheet & Tube and Crucible fell back fractions to a point or so Superior steel improved

Down as much as a point or more were Chi Kasha Cotton Seed Oil Penn omitted Kodak du Pont Deere Sears Roebuck and Hillshore

Carrier bonds were again in demand but many listed loans were backward

Grains pointed a bit higher Foreign currencies were mixed

Shares of companies connected with the building industry were watched in view of figures released by the F W Dodge Co indicating residential construction started during August reached the highest level since March 1931 The total was 43 per cent in excess of July and 145 per cent above August last year

In initial foreign exchange transactions the French franc was up 007 16 of a cent at 6 66 7 16 cents and Sterling was unchanged at $5 06
